

Environmental Policy

Ordanga Construction services. is committed to environmental sensitivity in our business activities .

As evidence of this commitment, we will:

- Integrate environmental considerations into our business planning and operations to prevent pollution, minimise other negative impacts, and generate positive outcomes where possible
- Develop and implement an environmental management system compliant to ISO 14001.
- Meet our legislative and regulatory requirements
- Measure various aspects of our environmental performance, and seek to continuously improve our outcomes
- Set objectives for environmental performance improvement and assign responsibility to members of senior management.
- Provide employees with awareness and training to help them make environmentally responsible decisions
- Communicate information regarding our environmental management system and performance to customers, employees, suppliers, and the community via our web site and other means

This policy and our Management System will be regularly reviewed by Ordanga management to ensure its continued effectiveness. This policy is made available to Ordanga customers, workers and interested parties.
